

LANDSCAPE ARCHITECT

Join our team at TowerPinkster and open a new door to an amazing career! TowerPinkster, an architecture, engineering and interior design firm based in Michigan, is looking for a talented for a talented Landscape Architect with at least three years of experience in landscape architecture and site planning. This position is responsible for complete landscape design solutions on project, to include design detail, development and production of documents for all site related areas of the project. This person will assist Senior Landscape Architects in complex design solutions for large projects.

POSITION RESPONSIBILITIES

- Plan and design open spaces including both natural and built environments.
- Develop supporting design documentation and detailing.
- Work closely with the project team's architectural designers, project managers, project coordinators and project engineers to coordinate all proposed elements with the development of the site.
- Oversee the design of a variety of projects.
- In collaboration with project manager, establish landscape requirements from client.
- Perform site analysis, to include the assessment of existing site conditions.
- Conduct preliminary studies of the site (including contours, soil, ecology, buildings, roads)
- Prepare and present detailed plans and working drawings, including applications, construction details and specifications for the project using computer-aided design software.
- Continuous learning and research on topics such as plants and their ability to survive in an area, guidelines and codes.
- Collaborate with client when necessary to discuss the project progress.

POSITION COMPETENCIES

- Contribute effectively to a positive team environment.
- Act with integrity and trust.
- Bring creative thinking and innovative ideas to projects.
- Display a commitment to quality work.
- Plan and prioritize projects and work activities.
- Possess excellent verbal and written communication skills.
- Support and explain reasoning for decisions including appropriate team members.
- Take independent actions and calculated risks.
- Set effective goals and objectives for client needs and project progress.
- Exhibit sound and accurate judgement.
- Possess excellent technical skills.

POSITION QUALIFICATIONS

- Bachelor's Degree in Landscape Architecture,
- Landscape Architect License preferred.
- Minimum 3 years of experience in landscape architecture and site planning.
- Understanding of site construction.
- Possess creative design skills.
- Ability to hand sketch design options.
- Playground certification and LEED accreditation a bonus.
- Knowledge of Revit software for landscape design a plus.

POSITION LOCATION

This is a full-time position located in Kalamazoo Michigan.
